Winter Workshop Series: Wilderness First Aid

Outdoor Chattanooga's [Winter Workshop Series](#) returns in 2018 to offer a series of classroom based, outdoor education and skill building workshops that are free and open to the public. All ages are welcome. Reservations or experience NOT required to attend. We start the series with a 2-part introduction to Wilderness First Aid on Jan. 18 and 25th (**Non-certification course**). Wilderness first aid training prepares you for how to handle emergencies in the woods until you can get to definitive care. **These workshops are not for certification, but do offer insightful discussions for training and practice purposes. Jan. 18 - Part 1: Participants will gain a better understanding on how to assess, treat, and contain emergencies related to soft tissue injury, fractures, trauma and building splints. Jan. 25 - Part 2: will cover emergencies related to environmental disasters, exposure, survival hacks, and hypothermia. Come for one or both. February 8 – Bike Packing 101

Think backpacking via bicycle. Cover more ground than your feet and access more remote places with increased adventure. Gaston Farmer, local outdoor recreation expert and athlete, will discuss two distinct styles of the sport, essential gear and equipment, packing list and how to pack, trip planning tips and resources. After attending this workshop, beginner to

advanced cyclists will find more opportunities for unique family fun, ‘wheelie’ remote weekend warrior adventures, or maybe even be inspired to complete an epic cross country bikepacking adventure!

February 15 – Bike Maintenance 101

Outdoor Chattanooga’s bicycle guru, James Eubank, will lead participants through three different aspects of bicycle maintenance; fixing a flat tire and how to prevent flats, quick ways to clean and lube your bicycle with minimal equipment, and how to conquer the daunting task of tuning your rear derailleur. Participants can choose one or all three skills to learn. No previous bike knowledge is required, tools will be provided and questions will be encouraged. Hands and clothing might get dirty/greasy. Bring your bike for demonstration or use one of ours. No registration is required.

February 22 – Navigate with Map and Compass

We’ve become pretty dependent on smartphones for way finding, but what happens if the signal fails or the battery dies while you’re out on the trail? Learn the basics of how to navigate using the “old school” method of map and compass. Maps and compasses are available to use in small groups for class.

Ride Pictures

A few of us braved the cold last Friday for the Riverwalk ride. We are standing in front of one of the old factory buildings along the south side. It's in really bad shape now but would be so cool if it was restored into something useful. Mike Hartline, Beverly Short, Pete Williams, Daisy Blanton, Dave Bennett, & Ride Leader

Since it is so cold now, we aren't doing much riding. I would love it if you would send me pictures of whatever you are doing instead. Hopefully it will be better soon and we will be back on the bikes.

Thanks, Daisy
